Nireekshe, Mysore: Rs. 15,000

Children from **Shining Light School, Pune** having good time at the water park, close to the school.

From left to right: Parubai – suffering from cancer and TB, Saraswathi – suffering from cancer and need urgent medical attention for treatment. On the right is Shanti aaji – just recovered from severe cough, cold and fever. Please pray for these and other aajis under the care of **Aaji Sewa Kendra, Dharavi**.

One safe water system was installed in the month of March, in Chamaraj Nagar district, Karnataka.

Glory School – Dharavi

- Please pray for God's guidance as we prepare to start with Junior KG, coming academic year. Also, pray that God will send deserving students to us.
- We have organized summer camp from 15th April to 20th May, 2018. Please pray for smooth functioning.

Nireekshe Center - Mysore

- Nireekshe children are waiting for their final exam results. Pray that they will get good grades.
- Pray for the health of all the children attending Nireekshe center.

Nurses' Training Program - Salem

- First year students are undergoing training. Please pray that they will be able to apply knowledge gained and develop skills to serve the community, effectively.
- Second year students finished their assignments on postnatal and neonatal care and submitted their reports. Pray as they continue to equip themselves to serve the community.

Nurses Training students take notes while receiving instructions from trainer.

Project Karuna - Gulbarga

- Kondabai, a leprosy patient, is suffering from old age related illness. Please pray for her.
- Pray as we look for good Christian residential schools for some of the older children of the leprosy affected.
- Pray for summer camp to be held between 23rd and 28th of April 2018.

Shining Light School - Pune

- Admission process for 2018-19 academic year has begun. Please pray that deserving children will join.
- Dhanna, one of the shelter children was diagnosed with TB. She will undergo testing again after 15 days of medication. Please pray for her healing. Doctor has also recommended tests for other children - if there is persistent cough and fever. Please pray that infection will not spread to other children.
